

Item number 6127

Hand towel, ABENA Care-Ness Excellent, 2 layers, C-fold, 31x23cm, 9 cm, white, 100% Cellulose

- ✓ Maximum absorbency
- ✓ Hygienic alternative to towels and heat dryers
- ✓ Reduced consumption with one-at-a-time folding method
- ✓ Smart packaging with easy-to-open top

Product Description

Our hand wipes are a hygienic alternative to cloth towels and heat dryers. The hand wipe paper is made from 100% virgin fiber, which, together with the smooth surface and unique embossing, gives you a product with maximum absorbency as well as lower consumption. The ingenious one-sheet-at-a-time folding method also helps reduce consumption and increase hygiene, since you avoid spreading bacteria by only touching the wipe you use yourself.

Specifications

Base name	Hand towel

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

The EU Ecolabel, also known as the EU Flower, is the official environmental label in Europe. Products with the EU Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

The glass-fork-symbol guarantees that products live up to the demands stated in the European legislation for food contact materials. The symbol is not mandatory but advised on products used for food contact.
